SOLADIGM ANNOUNCES SECOND ANNUAL SCIENCE AND ENGINEERING COLLEGE SCHOLARSHIP PROGRAM

Company Now Accepting 2012 Scholarship Applications from DeSoto County High School Seniors

Milpitas, Calif. and Olive Branch, Miss.—February 15, 2012—[Soladigm](#), a manufacturer of highly energy-efficient [Dynamic Glass](#) for next-generation buildings with commercial manufacturing facilities in Mississippi, today announced that it is accepting applications for the 2012 Soladigm College Scholarship program, which awards two full-tuition college scholarships to high school seniors residing in DeSoto County.

Now in its second year, the Soladigm College Scholarship was created to support the development and education of the state's next generation of engineers and scientists. Each scholarship pays 100 percent of the winning student's college tuition expense for four years in the fields of physical science or engineering at any four-year Mississippi college or university.

“Advancements in technology continue to be a positive force in our society. Many of the innovations at Soladigm have been possible because of the role education played in preparing our engineers and scientists,” said Dr. Rao Mulpuri, CEO of Soladigm. “We're proud to continue this program and demonstrate our ongoing commitment to promoting DeSoto County's brightest and most promising students.”

“Soladigm has a strong positive impact in DeSoto County, helping foster growth in technology and manufacturing jobs, and enhancing our local economy,” said City of Olive Branch Mayor Sam Rikard. “The Soladigm College Scholarship is a terrific program and we are pleased that the

company is continuing its efforts to encourage our students to excel and pursue science and engineering degrees.”

Students interested in applying for Soladigm’s 2012 scholarships may visit

<http://www.soladigm.com/scholarship/2012application.doc> to learn more and download an application. To be considered, students from the region must have a score of 25 or higher on the ACT, have a cumulative GPA of 3.5 or higher, and plan to pursue a degree in physical science or engineering at any four-year Mississippi college or university. Completed applications must be received via email or postmarked by March 1, 2012. Scholarship winners will be announced at the beginning of April 2012.

About Soladigm

Soladigm is a manufacturer of next-generation green building solutions designed to improve energy efficiency.
