

View appoints Vidul Prakash as Chief Financial Officer

MILPITAS, Calif. – March 18, 2019 - View, Inc. today announced the appointment of Vidul Prakash as Chief Financial Officer (CFO), effective immediately. Prakash will report to View CEO Rao Mulpuri and lead the finance, legal, and HR functions.

“We are excited to have Vidul join View at this time of rapid growth as we continue to reinvent the way we create building spaces by putting the well-being of occupants first,” said Mulpuri. “His operational skills, business acumen and experience in rapidly growing companies will be invaluable as we continue to scale at a rapid pace.”

Vidul comes to View with over 25 years of global finance and operations experience in private and public companies ranging from startups to Fortune 100. Most recently, he was CFO of SunPower Technologies, a \$1 billion division of SunPower Corporation, of which he also served as the principal accounting officer. In his 11 years at SunPower, he held various finance leadership roles driving growth, cost reduction, financing, and compliance, and represented the company in various equity and joint venture investments.

“View has created an entire new market category that makes buildings healthier, smarter and more energy efficient, and I’m excited to be joining the team at this pivotal time of growth,” said Prakash.

Prior to SunPower, Prakash worked at Force10 Networks, KPMG, Deloitte, New View Technologies, and Honeywell. Vidul earned an MBA in Finance & Accounting at Columbia University, and a BS in Chemical Engineering from the Indian Institute of Technology.

About View

View manufactures View Dynamic Glass, a new generation of dynamic glass windows that let in natural light and views and enhance mental and physical wellbeing by significantly reducing headaches, eyestrain and drowsiness. In addition, View’s windows reduce glare and heat, improving the energy efficiency of buildings by up to 20 percent. View’s windows are digital, connected, and can be controlled from anywhere, including your smart phone – no blinds or shades required.
